MEMORANDUM FOR: Comptroller
SUBJECT : COINS Management

This memorandum is in response to your request that the Intelligence Directorate consider assuming the responsibility for managing the Agency's COINS program. The function transcends any single Directorate and would function with better balance in a centralized location. In any event the Intelligence Directorate no longer has the resources to carry on this activity and would have to be given a position for this purpose. Thus, as no saving would be effected, it should remain where it will function best--in the ODCI.

PAUL V. WALSH
Associate Deputy Director
